

GREATER WASHINGTON

Board of Trade

Madame Tussauds Business Development Reception Testimonials

April 1, 2009

"This was a terrific venue to connect with members and guests from the Board of Trade. I really enjoyed myself and will be bringing my family back to experience the museum. The music, the food and the location was tops. It just keeps getting better and better."

"I think it was a success because I talked to many people that I might not have talked with otherwise simply because there were so many things to talk about with all the wax figures right at your elbow.

Thanks for putting on a very enjoyable evening. I think it will be a success for the museum as well, since I now know the value of the exhibit and would consider bringing people there."

"It was a great event - the access to the wax figures was a lot of fun. The food was really good and Marion [Barry] never looked better.

Because of the unique layout, it seemed as though the event never developed critical mass and that people meandered through and wandered around without actually connecting. But that is really a function of the venue and the fact that people felt that they needed to keep moving. And then there were all those other plastic people."

"I found it more interesting than I thought it would be and I did like the way it was spread out, had good food, and I did meet some interesting people. Several people did note that they came because of the location as well. Also, a couple of people noted that it was good to meet some of the Board Members there. It was an overall good event, and I have had a lot of fun with the picture of me and the President in the Oval office."

"I thoroughly enjoyed last evening's fun Board of Trade experience at Madame Tussaud's Wax Museum. I had not visited before. At times, it was difficult to determine who was wax and who was real.

The event allowed me to reconnect with several business acquaintances and meet some new ones."

"Excellent venue. I had a terrific time and so did my colleague, met new people and reconnected with others. It was an easy and fun event."

"Last night's event was great; I thought the venue made it much easier to talk many more folks."

"The event was great last night and the venue was a lot of fun. I had a great deal of fun today with some of the pictures I took which enabled me to extend April's Fools Day for an additional day."

"I did enjoy it very much and want to commend you, Madame Tussauds and Geppetto Catering on the excellent food and service. The choice of venue was genius, as the exhibits provided an excellent conversation starter."

"I thought the reception at Madame Tussauds was fantastic. Good food, interesting people, fun setting - I particularly enjoyed the fact that the guests were not all in one room but scattered throughout the museum. Don't know how many places to which you have access can mimic that experience."

"Excellent venue!!!!!!!"
